## PRESIDENT'S REPORT

### Anthony Palumbo, D.C.

I hope this message finds all of you and your families well. As we approach the holiday season, I want to wish every member a joyous celebration, and a blessed and prosperous New Year.

The way we set the goals for the NYSCA is no different than how we set goals for ourselves, as individuals. In each scenario, if we keep focus and pull in the same direction, there is nothing we cannot accomplish. We stumble when we inadvertently turn our reality into illusions, and this happens every day. Our realities are based on our experiences in the world which are mostly shaped by our perceptions. To create our experiences, we need references. We need to conceptualize and understand what the world presents to us, incorporate knowledge, use memories, account for differing opinions and emotions, and most importantly use our cognitive ability to formulate plans and create paths going forward.

The point is this: we construct our own reality - and we can just as easily deconstruct it. Subconsciously, a short walk up a flight of stairs to your front door appears steeper if you've just ran 5 miles and even a small task like brushing your teeth before bed can feel insurmountable when you're tired. Fortunately, we can always overcome the illusions we create by focusing on what is important or necessary. We not only create our own reality, but we also come to believe it, and then we act according to it.

As chiropractors we help people every day. We help them by providing many services, but we must also remember that, at our core, we detect and correct structural imbalance, distortion, or subluxations in the human body. We have earned a place in healthcare by the simplicity of living this reality for the past 126 years.

However, we must also consider that over this time we have grown and evolved as doctors. We have expanded our cultural authority in many ways, and we have expanded geographically, around the globe. We must continue to provide chiropractic adjustments to as many people as we can, and we must also strive to be the best doctors that we can be. We need to recognize that our abilities are solely limited to what we believe and the reality we create.

Since the last newsletter, I had the pleasure of paying two visits to the Northeast College of Health Sciences. Meeting with the students and listening to what they have to say has been an insightful experience for me.

As field doctors and leaders in our profession we have an obligation to assist in teaching the younger generations of chiropractors, the importance of incorporating together the science

of chiropractic with its aspects of art and philosophy. It is equally as important that we learn about the expectations of the next generation of chiropractors, so that we may lead them with the best intentions of helping them meet these expectations, utilize their full education, and fully grow their careers.

With these intentions in mind, I am thrilled to report that our student membership initiative has been very successful. We have restarted the student NYSCA chapter at Northeast College and we have strengthened the bond with the D'Youville College chapter. We have recognized several students as affiliate representatives that will represent their respective student chapters at all NYSCA Board meetings. To date we have signed up nearly 500 student members in the NYSCA! This is an increase of over 300 student members since September 2021.

Additionally, our efforts for Unity have intensified and the NYSCA continues to have open and positive dialogue with the Council. The Unity Committee has been meeting on a regular, monthly basis since June. I am happy to say that to date we have completed all our set agendas at each meeting. We are advancing in a positive direction to a completion of the consolidation agreement which will then give us a path to a vote of the respective organizations for merger. Admittedly this has been a tedious and drawn-out process, but I personally see a glimmer of light in what has been a long tunnel. Unity is certainly a key to our future in New York State on many levels, specifically impacting the generations of chiropractors behind us.

Unifying under one banner of chiropractic in New York State, having more doctors wanting to practice here, and bringing the principles of chiropractic to a greater and more diverse portion of the population by utilizing our many talents may seem like different goals...but only if we deconstruct them. The truth of the matter is these can be a single goal which is obtainable if we are willing to create it as our reality, believe it, and act according to it.

I want to thank all our members for your continued support. Please encourage others to join us in our journey of advancing chiropractic in New York State. It is my honor and privilege to be able to humbly serve you.

Anthony Palumbo, DC  
NYSCA President

# NYSCA Networks with Northeast Students

NYSCA board members (Drs Palumbo, Stevens Walters, Lauretti and Campisi) had an awesome on campus meeting with students of Northeast College of Health Sciences. The meeting was in a roundtable format and was highly interactive. Students were highly enthusiastic and motivated. A Northeast student liaison (Alexi Aruck) and a student member for our diversity committee (Courtney) were recruited. After the meeting, cocktails were consumed at a local establishment. Students networked with the board members asking many questions. Our board shared wisdom of their years of practice to help students with their future profession. This meeting led to Dr Walters presenting in Dr. Lauretti's classes on the importance of being an association member and the recruitment of student members. Additionally, this meeting led by Dr Stevens will be on an Opioid panel in March at Northeast College of Health Sciences. A fun productive time was had by all.

# NYSCA

## STUDENT DELEGATES

Alexandria (Lexi) Aruck is currently a 3rd trimester DC student at Northeast College of Health Sciences, as well as a candidate for the Masters of Applied Clinical Nutrition Program. She serves on the Northeast SACA executive board as the Public Relations Chairman, and is actively involved in the ACA Council on Nutrition. Lexi grew up in the Finger Lakes Region and attended Syracuse University to complete her Bachelors of Science in Biology with a minor in Social Welfare. She spent five years working for Anheuser-Busch InBev throughout various parts of the company before deciding to pursue her passion for holistic healthcare. Currently, Lexi is a personal trainer for Forward Fitness, where she leads online classes specializing in core strength and stability. She also trains in person clients at Kabari Wellness Institute in Seneca Falls, NY. Lexi is passionate about movement, nutrition, and giving patients and clients the tools to take their health back into their own hands. She lives in Seneca Falls with her boyfriend Keagan and their two dogs, Chester and Norah. In her free time she enjoys kickboxing, jet skiing, and paddle boarding. She hopes to specialize in functional medicine and sports chiropractic, integrating nutrition into her practice as well.

Hello! My name is Jake Eberth, and I am the NYSCA student delegate from the D'Youville College chiropractic program. I am in my ninth trimester out of eleven, which means I am getting close to crossing the finish line! I have been both a member of NYC SACA and a student member of NYSCA since enrollment. During my time as a NYC SACA member, I have previously served as the club's Treasurer, I currently serve as Legislative Representative, and I have enjoyed seeing our club grow and progress throughout my education.

I firmly believe that through teamwork and communication, we can ensure that the future of our profession moves in the right direction. As a student delegate, I will ensure that the students I represent will have their voices heard. We are the next generation of chiropractors, and there's always strength in numbers!

Josh Button

I am a current 4th Trimester student at Northeast College of Health Science. Right now, I am the acting Vice President for my trimester. I am also the F4CP representative for our SACA chapter as well as one of our Colleges Student-NYSCA representatives. For as long as I can remember I have wanted to aid in people's journeys through life. After considering a few different options including PA and PT, I was introduced to Chiropractic care and something immediately clicked for me. It was exactly what I had thought of, with using my hands to help heal individuals and to give people the chance to obtain general wellness. I was fairly recently introduced to NYSCA, and having met currently practicing DCs who are involved with NYSCA I knew it was an organization I wanted to be a part of. Doctors such as Dr. Palumbo and Dr. Walters assure me that NYSCA will continuously work to improve Chiropractic for our state, and I want to help them in doing so.

Presenting the New York State Chiropractic Association

# 2022 Spring Convention

## April 8-10, 2022 at Mohegan Sun Casino & Resort

Sky Convention Center | 1 Mohegan Sun Blvd, Uncasville, CT

It is our pleasure to announce and formally invite you to participate in the NYSCA 2022 Spring Convention! We look forward to seeing you in person at our next live event to be held in the Sky Convention Center at Mohegan Sun!

### Earn up to 16 CE Credits over 3 days and across 2 tracks!

We encourage you to arrive early for the Friday session to check in and visit with our event exhibitors. Classes on Friday will be from 2pm-6pm and will offer up to 4CE, followed by our Welcome Reception. The Saturday session will be from 8am-6pm and will offer up to 8 credits, along with a banquet luncheon and dessert reception with sponsors and exhibitors. The Sunday portion will be from 8am-12pm and will offer up to 4 credits.

[Event Agenda coming soon](#)

[Register Online](#)

[Visit the Virtual Expo](#)

Category 1 credits TBD; Up to 14 out of state credits. Save \$100 off "door" prices when you register by 01/14/2022. Special pricing for Association Members. Registration MUST be received by 5pm on Friday, 04/01/2022.

Scheduled speakers include: Joseph Merckling DC\*, Thomas J Neuner DC (OUM Chiropractor)†, Lev Lewin Esq, & Michael Baglio Esq (not pictured– Lewin & Baglio LLP)\*, Karen Konarski-Hart DC (NCMIC)‡, Angelo Ippolito DC, Justin Hafner (Kinotek), Steven Conway DC (NCMIC)‡, Jennifer Illes-Rector DC (Footlevelers), James Walters DC, Andrew Strauss DC (CLEAR Institute)

\*CE Credit for select courses available for NY licensees only. † Attend OUM's seminar for a total of 2 hours on Friday 04/08/2022 to receive up to a 10% discount off your OUM policy ‡ Attend NCMIC's seminar for a total of 8 hours on Saturday 04/09/2022 to receive a discount for 3 years on the renewal of your NCMIC malpractice insurance premium. 5% discount for full-time DCs; 2.5% discount for part-time DCs premium.

**Policy Statement:** The NYSCA makes every attempt to offer programs as publicized. We nevertheless reserve the right to alter and/or adjust program details, including but not limited to dates, locations, times, instructors, and presentation sources and sequences. Please visit the NYSCA event webpage to review our Registration and Cancellation policies, along with accommodations details.

**License Renewal:** Continuing education credit (CE) is provided by Northeast College of Health Sciences. Pending for NY, PA, NC, FL. Pre-Approved: CO, CT, DE, DC, ID, IL, IN, IA, MA, MD, MS, MT, NE, ND, NH, NJ (DC only), OH, OR, RI, SC, UT, VT, VA, WA, WY, Puerto Rico, Canadian Provinces (except AB)

This seminar is valid for CE credits in "pre-approved" states, so long as it falls within the scope of practice as outlined by the corresponding state board. It remains attendees' responsibility to contact the state board(s) from which they seek continuing education credits for purposes of ensuring said board (s) approves both the delivery method and content as they relate to this event. Neither a speaker's or exhibitor's presence at said event, nor product mention or display, shall in any way constitute Northeast College endorsement. Northeast College's role is strictly limited to processing, submitting, and archiving program documents on behalf of course sponsors.

## Northeast Alumni Weekend 2021 Celebrates Lifelong Learning and 30 Years in Seneca Falls

Northeast College's Alumni Weekend "Learn, Connect, Lead" was held Sept. 17-19, 2021 in a hybrid format, offering both in-person and live webinar courses. The event welcomed guests from around the world for learning and celebration.

The theme of the annual event was "Celebrating 30 Years in Seneca Falls," with Northeast Professor Dr. Bill Lauretti presenting a seminar of the same name to kick off Saturday's events. Alumni and other participants signed on to hear industry leaders discussing many of today's important healthcare issues, including ergonomics, patient-centered care and natural health care approaches during pregnancy.

### ANNUAL EVENT CELEBRATES LIFELONG LEARNING AT NORTHEAST

Donald Murphy at Northeast's Alumni Weekend

Approximately 40 people came to the Seneca Falls campus for the in-person events, including a welcome from College President Dr. Michael Mestan and the keynote presentation "The Application of CRISP® in Functioning as a PSP" by Dr. Donald Murphy (D.C. '88). The rest of the nearly 200 attendees signed on for the seminars virtually as, for the second year in a row, Northeast College made adaptations to allow as many people to attend as possible while adhering to health and safety standards during the global pandemic.

Nine Northeast College alumni were featured as guest speakers during Alumni Weekend, including Erica Callahan (D.C. '07, MSACN '10), Kristina Petrocco-Napuli (D.C. '03) and David Graber (D.C. '85), Dennis Homack (D.C. '97) and Michelle Turk (D.C. '91, MSHAPI '20).

Jason Brown at Northeast's Alumni Weekend

Northeast's Director of the Anatomy Center Dr. Michael Zumpano, (D.C. '06) D.C., and Dr. Christine Foss (D.C. '94) teamed up for two virtual presentations on "Tunnel and Bridges: Gross Dissection and Assessment Skills of Anatomical Sites of Entrapment." Dr. Jason Brown (D.C. '06), past-president of the New York State Chiropractic Association (NYSCA) and the New York State's affiliate to the American Chiropractic Association, joined guests on campus for his presentation "Let's Get Moving -- An Active Approach to Spine Care."

### HISTORY OF ALUMNI WEEKEND

For 20 years, the College has held a homecoming event for the #NortheastBlue community to celebrate and reconnect. In 2000, the gathering was known as "Unity Day and Reunion Weekend." In 2019, the "Centennial Celebration" event featured live music and local food, in addition to weekend-long continuing education presentations and workshops. The College's first online Alumni Weekend event was held in 2020.

### NORTHEAST COLLEGE WELCOMES STUDENTS TO FALL 2021 TRIMESTER

Northeast College of Health Sciences, formerly New York Chiropractic College, welcomed new and returning students to the Fall 2021 Trimester. Students in the Doctor of Chiropractic Program began classes at the Seneca Falls, N.Y. campus on Sept. 8, the same day students in the 100% online nutrition and human anatomy and physiology instruction master's degree programs started studies virtually.

As pandemic safety measures continue to be observed across campus, the College began its traditional 15-week Fall 2021 trimester as scheduled, in-person, and continues to see strong enrollment.

"I think the pandemic really brought attention to the need for more evidence-based, highly qualified healthcare professionals who are prepared to meet today's increasing demand," said Scott Booth, assistant vice president of enrollment development and admissions. "We welcomed a group of incoming students looking to fulfill this need and follow their calling to heal."

### NORTHEAST COLLEGE BOARD MEETS, WELCOMES NEW TRUSTEE

At the October 2021 meeting of Northeast's Board of Trustees, Mr. Randall Gentzler, M.B.A., was welcomed to the Board as a new trustee.

## NORTHEAST COLLEGE UNVEILS NEW CAMPUS CENTERPIECE CLOCK AND PLAZA

Northeast College of Health Sciences recently commemorated 30 years in Seneca Falls and its organization's new name with the installation of a 19-foot post clock and creation of a new green-space plaza on its Seneca Falls campus. The clock and plaza honor Northeast's historical role as a leading healthcare education institution.

### NEW CLOCK REPRESENTS RICH HISTORY, SYMBOLIZES INSPIRING FUTURE

Made possible by donors through the College's "Celebration of Time" fundraising campaign, the clock is prominently located between the Kenneth W. Padgett Administration Building and the campus's main academic buildings. This new addition symbolizes Northeast College's legacy through time, while the clock face illuminates the future and serves to inspire upcoming generations of outstanding healthcare professionals.

"Over the past 102 years, our College has educated generations of innovative healthcare leaders while embracing change and providing meaningful learning opportunities," said Northeast College President Dr. Michael Mestan. "This iconic clock will forever stand as a reminder of our great Northeast community and our shared dedication to healthcare and academic excellence."

Part of the College's strategic plan to maintain and improve the physical plant facilities and grounds to enrich the campus environment, groundbreaking on the clock plaza began in June 2021. The Northeast community was able to witness the project's progress in real-time via a strategically placed live webcam.

### ALL ABOUT THE ICONIC CLOCK

Situated at the center of the new plaza space, the 19-foot-tall clock is made from an original Seth Thomas casting and will serve as a focal point on the Northeast campus that can be seen across the grounds. This new landmark features Roman numerals on the clock face and a header plaque with lettering highlighted in 23K gold leaf that reads "NORTHEAST COLLEGE OF HEALTH SCIENCES". Another matching plaque below reads "FOUNDED 1919."

The custom-made clock was engineered and fabricated by Electric Time® Company of Medfield, Massachusetts. The general contractor leading the project was Mittiga Construction Co. of Geneva, N.Y. Local architects QPK Design and mason contractors R.E. Kelley, Inc., both out of Syracuse, N.Y., also provided important roles.

### COMMUNITY INVESTS IN CAMPUS IMPROVEMENTS

Contributors of the Celebration of Time clock project made the new clock possible, including Northeast's students who had the opportunity to contribute \$19.19 toward the project. All contributors -- including alumni, students, faculty, and staff -- will be recognized by giving level on a campus recognition wall and acknowledged in the College's published donor list.

The clock is one of many ongoing campus enhancements at the College. Three years ago, 45 acres of the campus grounds were dedicated to the creation of a sustainable "Grow Zone" landscape, allowing native plants to naturally populate the area. Recently a new afforestation project was begun, adding 1,000+ new native shrubs and trees to the grounds. These initiatives continue to further the College's goals of embracing sustainable operations, creating natural green spaces, and practicing conservation whenever possible.

**FUN FACT:** A blue stone quarried in Ithaca, matching the stone already used throughout the Northeast College campus, was used for construction of the clock plaza. The stone is named Llenroc (Cornell spelled backwards) and has been used on the Cornell University campus. This blue stone is likely the same stone that was used on the Northeast Campus when it was first constructed as Eisenhower College in the late 1960s.

NYSICA donated a total of \$3000 to the Celebration of Time Clock Project and will be recognized as "Heritage" level on a campus plaque.

## Afforestation Project at Northeast College to Add 1,000+ Trees, Shrubs and Plantings to Campus

**SENECA FALLS, N.Y.** -- When you visit Northeast College of Health Sciences, nestled in the heart of New York State's Finger Lakes region, anyone will tell you: nature matters. That's reflected in Northeast's new long-term project to plant hundreds of native trees and shrubs on the College's grounds -- a way to create both natural green spaces and more sustainable operations.

### **SMART PLANNING TO ADD TO THE COMMUNITY LANDSCAPE**

Aerial photo of the College grounds showing the plantings that are part of the afforestation project.

The Northeast afforestation project will mix shrubs and under-

story trees native to the region, mimicking a wild Finger Lakes forest environment, according to Vice President of Administrative Services Christopher McQueeney. The project is being conducted in partnership with White Oak Nursery in Geneva, N.Y., and nursery owner Jim Engel who began the process of removing invasive species and planting native trees and shrubs on the campus grounds in September.

The first phase of the multi-year afforestation plan, to be completed this year, will see 870 trees, including red oak, American elm and white pine; 380 shrubs, including black elderberry and witch hazel; and 160 meadow plantings, including ox-eye sunflower

# ARE PAST DUES IMPACTING YOUR REVENUE?

By Katie Borchers, RN MSHA

Is your office unable to decrease late payments or lack of payments but do not have a plan to improve the bottom line? How do you stop them from happening? Resolve them if they have already occurred internally or through a partnership? Here are some quick tips to put you on the path to recovery.

## How do I keep past dues from occurring?

Regardless of the reason for late payment or lack of payment with self-pays, by taking a look under the hood of these categories can decrease the number of late payments at your practice.

### 1. Process and Policies

Creating a timeline and workflow for dealing with past dues is the first step to ensuring it's success. Start with defining a timeline; what is considered "past due?" What is considered a "defaulted payment?" How will each be handled; will a late notice be sent with a follow up phone call? Which role or staff member will complete the workflow?

### 2. Communication

Once a standard process and policy is

created, communicate the necessary information to leadership, staff, and customers. Consider signage and details on billing statements for customers. Create scripts for staff to discuss when scheduling new patient visits. Revisit workflows during annual training sessions and add to new hire training.

### 3. Support, Enforcement, and Follow Through

Policies need to exist more than on paper. Ensure leadership supports staff when following through with past due conversations and provide time for training and practice. Most importantly, staff must be assigned the responsibility to follow up based on their desire and skill set and be given time to complete the workflows. Verbal conversations regarding arrears can be difficult and take time.

## What if I already have past-dues?

- Resolving past dues as quickly as possible is the key. Consider the following.
- Quickly resolve concerns. Are patient disputes/concerns assigned to a specific

role and a person who makes this a top priority?

- Communicate regularly with additional fees. Ensure late statements have fees added and verbiage on next steps if there is lack of payment. Remember, you can always "waive" a fee; be sure to document "forgiven fees" for transparency!
- Verbal discussions are best! Do you have a process for payment conversations during check-in or check-out? Do staff follow up with phone calls? Are those having verbal conversations confident and trained in the "art" of difficult conversations?

## When do I need help with past dues?

- Consider these indicators that outside help may be needed.
- I am short-staffed in the billing department OR my staff do not have time to follow up on past dues.
- My staff are not trained in past-due conversations OR prioritize other work above this.
- I have a self-pay guarantor who is non-communicative.

# NYSCA Savings Center

The NYSCA is excited to announce ongoing benefits from **NEW PREMIER SUPPLIERS** through our Windfall Savings Center program! These offers have been carefully selected to provide best-in-class services/products.

These benefits are featured on our saving website: <https://nysca.savingcenter.net/> The best part: it's completely FREE. No fees, no obligations—just great business and personal saving benefits!

## Recently Added Discount Benefits:

- **Home Depot** – Access exclusive benefits and business tools that will let you get the job done faster, more efficiently and for less. Enjoy volume pricing on thousands of items, up to 20% off paints, discounted tool rental services, and more.
- **Adobe** - Save up to 15% off on 20+ creative apps including Photoshop, Illustrator, InDesign & Acrobat Pro. Get the tools to create graphics, publish layouts, design illustrations, convert PDFs and much more.
- **Ace Hardware** - Enjoy 12% off all your hardware needs. Save on paint, cleaning supplies, hand and power tools, plumbing, electrical & more. Shop online and at 3,000+ participating retail stores.
- **Constant Contact** - Receive 30% off your first 3 months of effective email marketing services to successfully promote your business. Quickly and easily market your ideas, build your brand online, attract customers, and sell more products.
- **Batteries Plus Bulbs** - Save time and money on power, repair and lighting needs. Enjoy up to 71% off 60,000+ quality batteries, light bulbs, accessories & more. Purchase online and at over 700 stores across the U.S.
- **Simple Texting** - Save up to 25% off SMS & text marketing services to increase customer loyalty & drive demand. Reach & convert more business fast - get started in minutes.

These join the privileges previously available to NYSCA members through the Savings Center:

- **Office Depot** - up to 75% off office essentials
- **ADP** - up to 20% off payroll services
- **SterlingNOW** - 10% off background check services
- **4imprint** - 10% off promotional products
- **YRC** - 83% off tradeshow & LTL shipping
- **Rocket Receivables** - 10% off debt collection services
- **AccountingDepartment.com** - discounted online accounting services
- **Avis/Budget** - up to 35% off personal & business rentals nationwide
- **RX Discount Card** - up to 75% off prescriptions not covered by insurance
- **Hotel Specials** - up to 60% off 100,000+ hotels for business & personal travel
- **Entertainment Deals** - up to 60% on tickets to theme parks, movies & more
- **1-800-Flowers** - Save 15-20% off with promocode WINDFALL

In addition, the NYSCA is pleased to partner with the following companies to bring additional savings and privileges to your practice:

- **Foundation for Chiropractic Progress** - Complementary group membership
- **Chirocode** - 20% off MSRP for Practice Management and Coding References
- **NCMIC** - Special Pricing on Credit Card Processing tailored for the Chiropractic Industry
- **General legal counsel services** - A monthly 60 min consultation/information inquiry free of charge with a respected legal firm regarding No-Fault, Workers' Comp, and Commercial Collections, and general law and general contract questions.

Be sure to keep your NYSCA membership and dues current so that you can continue to enjoy these Member Benefits. As always, please feel free to continue to support your local vendors. If you are not yet a member, join today and start taking advantage of these special programs!

# Credit Card Processing Should Not Cost the Provider It's a Benefit to the Patient

By Ken Handy

In these days of high inflation, high salary costs, high supply costs and ever-increasing operational costs, many practice owners are looking for ways to save money and/or increase revenue streams. One area that may be overlooked is credit card processing fees. Card processing fees can eat up anywhere between 2.25%-4.00% of earned income just by accepting a payment by credit card. These can cost a practice thousands of dollars per year.

Why should a practice owner have to pay for their patients to earn their vacation points, cash back or travel miles? The fact is most customers do not even realize who pays for all the programs attached to credit cards, nor do they even think about it. The practice owner bears the brunt of these high-cost cards at the end of the month, when they see the large debit to their business

bank account. If a chiropractor charges \$50.00 for an office visit, why shouldn't he/she receive \$50.00 for their valuable services and not \$48.50 just because a patient wants to pay with a credit card?

Luckily, there is a solution to this problem. There are now card processing programs that allow business owners to accept credit cards and not have the burden of these costly fees. Many practices are taking advantage of "cash discount" or "service charge" programs where their patients receive an instant discount when they pay with cash or check.

The first question asked when presented with a program like this is, "Is this program legal?". The simple answer is yes! Many states have different rules regarding credit card "surcharging",

ARE PAST DUES IMPACTING YOUR REVENUE? CONTINUED FROM PAGE 16

### Can a Third Party Collection Agency help?

Engaging with a collection agency can provide the relief you need to allow staff to complete other work and remove the stress of dealing with past dues. Choosing an agency that aligns with your business is important.

Find an empathetic agency. Empathetic debt collection involves listening, understanding, and being sensitive to the thoughts, feelings, and experiences of the debtor. What is Empathetic Debt Collection? ([beyondgreensolutions.com](http://beyondgreensolutions.com))

Find a reputable collection agency. This could include visibility, involvement in professional collections associations and their community, transparency, collaborative processes, and high level of collaboration with you and your customers. What is a reputable debt collection agency? ([beyondgreensolutions.com](http://beyondgreensolutions.com))

These steps and introspective approach can put you on the path to past-due recovery!

This article was written by Katie Borchers, RN MSHA, owner and President of Beyond Green Solutions. Katie, a former pediatric nurse and healthcare IT project director, started Beyond Green Solutions to bring empathy and technology into the collection industry. Once a nurse, always a nurse.

and orange coneflower, planted on 11 acres of campus grounds between Bayard Street, Rt. 89, the College's main entrance, and campus buildings. Each year a similar number of trees, plants and shrubs will be added to the 40 acre-span of new forested space, through which the College ultimately plans to create footpaths and walking trails.

### ADVANCING THE COLLEGE AND COMMUNITY

The project further advances the College's initiatives to promote sustainability, enhance College-owned properties and facilities and encourage meaningful interactions within the Northeast Blue community. These strategies and goals are outlined in Northeast College's strategic plan "2021-2023 BLUEprint: Growing the Future Together."

"At Northeast, we know the hard work and commitment that goes into building strong and successful futures. The same dedication to excellence is necessary to ensure our campus grounds and community land persevere and endure," said College President Dr. Michael Mestan. "We are so fortunate to call the Finger Lakes region home -- it's one of the most naturally beautiful areas in the country. We have a responsibility to not only pass that legacy on to future generations of healthcare leaders but to make our ecosystems even stronger for our greater Seneca Falls and Finger Lakes community."

As the grounds are transforming, the College is keeping its natural pollinators in mind. To provide cover for these various species, including honeybees, that may be staying on campus for the winter, invasive brush cuttings have been scattered on the grounds to create natural habitats.

### DEDICATED TO A SUSTAINABLE FUTURE AT NORTHEAST

This naturally sustainable environment will further allow the College to be good stewards of its 286 acres of land by reducing the amount of fuel and water used to upkeep the large lawn. It will also provide revitalization at a much-needed time. This summer, many campus trees had to be removed after being damaged by the emerald ash borer, an invasive bug, and other environmental factors.

Actively creating natural spaces that best work for the College and the larger community and allow for maximum conservation efforts began three years ago when the "Grow Zone" was created. The 45-acres of College Grow Zone grounds is now dedicated to the natural population of native plants.

The College has substantially reduced its carbon footprint, eliminating the need for more than 14 hours of mowing a week and more than 6400 lbs. of carbon dioxide emissions annually. The reduction in mowing has already saved more than 1,000 gallons of fuel and returned many of the benefits of wildlife returning to the area. The afforestation project should see much more of the same and bring the community another beautiful landscape in Seneca Falls, further adding to the sustainability and beauty of the Finger Lakes.

but cash discount and service charge programs are legal in all 50 states, if rolled out and administered properly. All programs must include visible signage explaining payment acceptance policies and the savings associated with paying by cash or check. The patient must also have the ability to pay with cash or check and not be forced to pay by credit card.

The second question is, "Are my patients going to be upset?". History has shown the expected pushback from patients is much higher than what really happens. The vast majority of patrons understand and accept the policy change when explained clearly. The great characteristic of this type of program is that patients can save money by simply paying by cash or check. This puts the decision-making power in the hands of the patient. Many practice owners can now explain to their patients they no longer have to raise fees for everyone to cover the costs of credit card processing by simply instituting a cash discount program.

Four years ago, Schenectady, N.Y. chiropractor Dr. Tim Maggs converted his practice to this credit card system. He was surprised when his practice was audited and he learned he was paying \$3,500.00/year in fees. He immediately signed up. "It's foolish to be afraid to do this. It's good business and we had virtually no complaints from our patients. Those patients who do oppose it pay by cash or check. You get to a point in your career where you get tired of giving money away. We love our patients but they have to help with the overhead. This was the best move we've made in years."

## STATE ASSOCIATIONS MEMBERS ELECTIONS

2021-2022 Board of Directors

Congratulations to the 2021-2022 ChiroCongress Board of Directors and Clinical Compass Representatives!

At the annual meeting, held on Saturday, November 6, 2021, at the Sheraton Grand at Wild Horse Pass in Phoenix, AZ, members voted unanimously to elect the following candidates to the 2021-2022 Board of Directors:

Dr. Brenda Holland (WI) President	Dr. Rachel Wendt (KY) Executive Director at Large
Dr. Thomas Wetzen (VA) First Vice President	Dr. Thomas Augat (ME) District 1 Director
Dr. Brian Stenzler (FL) Second Vice President	Tiffany Stevens (TN) District 3 Director
Dr. Julie Bird (IL) Secretary	Dr. Garry Baldwin (WA) District 5 Director
Dr. Gerald Stevens (NY) Treasurer	

Congratulations to board members who were elected to continue to serve in their current positions, to Dr. Gerald Stevens who joins the Executive Board as Treasurer, and to Dr. Thomas Augat (ME), who will serve as the new District 1 Director.

In addition, the districts elected ChiroCongress Clinical Compass Representatives as follows:

Dr. Nick Karapasas (CT) – District 1 Clinical Compass Rep

Dr. RJ Crawford (TN) – District 3 Clinical Compass Rep

Dr. Ron Wilcox (WA) – District 5 Clinical Compass Rep  
Thank you to District Directors Marc Abla (IL) (District 2) and Dr. Chad Carpenter (TX) (District 4) for their continuing service.

We also want to thank our district Clinical Compass Representatives Dr. Christopher Dolecki (MI) (District 2) and Dr. Carson Muth (ND) (District 4) for their continued service.

# Would you like to contribute to our next statewide newsletter? On The Agenda

March 2022 Edition

We're aiming for a publication date of March 1st, and we are wondering if you have any recent articles or blogs that you might be willing to lend to this next newsletter. Of course, if you have more than one that you would like to submit, we can always consider them for use in subsequent publications.

We are interested in anything that advances knowledge in the profession. (Please, no advertorials.) Our members are hungry for information that they can use in day to day practice as well as anything that can enhance clinical skill and proficiency.

The deadline for article submissions is February 9 2022. Please also be sure to include any attribution information you wish us to include for your article.

Send articles to: [comm.secretary@nysca.com](mailto:comm.secretary@nysca.com)

# Earn FREE Membership

## ... each time you refer a new member to the NYSCA!

Current NYSCA members who recruit a new regular member (not student, affiliate, or retired) to join the NYSCA for a full year will in turn receive a 'thank you' from the NYSCA in the form of **two additional months** added to the end of their current membership term. Or, if the new member signs up for just a half year, the recruiting doctor receives one additional month of NYSCA membership. We have even sweetened the pot: there are **no limits** to how many times you can benefit from this incentive.

To receive your incentive month(s), the new member must make a semi-annual or annual payment and list you on their application form as their referring NYSCA member. (You may want to give a partially filled out application form to colleagues you are recruiting.)

If you are interested in promoting this offer to your friends and colleagues who may have been considering joining NYSCA and are just waiting for someone to encourage them, and would like a list of non-members in your district, please contact your local district president or [controller@nysca.com](mailto:controller@nysca.com).

## Membership Has Privileges

...and one of them is the self-respect a doctor feels, knowing that they are a part of something bigger than themselves, supporting their livelihood with collective energy and pooled resources.

\* New members are defined as DCs who have not been NYSCA members within the preceding 12 month period. The recruiting member's information must be included on the new member application. Only one member can receive the credit for recruiting a new member. Recruiting incentive is not valid on students, retired/disabled, or associate applications. Eligibility subject to verification; Subsequent year's dues payable at usual rate. New member discount offer is not valid for retired or associate members and may not be combined with other membership discounts.

## What is the NYSCA?

The New York State Chiropractic Association is a statewide professional Chiropractic Association, comprised entirely of your peers and colleagues. We have joined together in the promotion, advancement, and defense of Chiropractic. In conjunction with our full time lobbyist, the NYSCA monitors all legislation that affects our profession while working to protect and expand practice rights.

## Why Should All New York DCs Be NYSCA Members?

"NYSCA membership provides Chiropractors in New York State an unparalleled opportunity to advance their profession, by adding their voice of the unified defense of practice rights, scope of practice and a rightful place among mainstream Health Care."—Jack Beige, DC, Esq., NYSCA Past President

## If YOU don't support your profession, who will?

For questions regarding this program, please contact the NYSCA Administrative Office at (518) 785-6346 or a member of the NYSCA Membership Committee.

## Growth is never by mere chance; it is the result of forces working together

—James Cash Penney

# NEW YORK CHIROPRACTIC POLITICAL ACTION COMMITTEE

The New York Chiropractic Political Action Committee (NYCPAC) is designed to help elect state legislators who are supportive of Chiropractic issues and positions. Please take a minute to get involved and see what the NYCPAC is focused on accomplishing--Visit [NYCPAC.net](http://NYCPAC.net).

Organized medicine, managed care organizations, and other anti-Chiropractic forces continue to spend hundreds of thousands of dollars each year to elect candidates that do not understand or value the Chiropractic Profession and the research and truths about the efficacy of Chiropractic care.

In order to help fight and educate these outside forces, we need you to please become part of our grassroots advocacy team. All New York Chiropractors, united together, CAN position our Profession to continue to be a viable livelihood and promote the wellbeing of our patients. Please, become part of the solution! We have designed a process to make it easy to donate to the NYCPAC. Don't overlook ANY contribution to the PAC, but please support at the highest level you can. NYCPAC can accept "one time" donations from you or can conveniently set up an **automatic monthly contribution** from your credit or debit card.

We need your support to ensure that we can truly be effective. Stand behind your Profession and **CONTRIBUTE TODAY!**

- Enclosed is my donation for\*** (check one)
- \$100    \$250    \$500    \$1000    \$5000    other \$\_\_\_\_\_.

*Please send your personal check payable to:*  
**NYCPAC**  
**PO Box 440,**  
**Chester NY 10918**  
[NYCPAC.info@gmail.com](mailto:NYCPAC.info@gmail.com)

**My contribution is from a/an:**

- Individual/Sole Proprietorship    Partnership    PC/Corp    PAC/Labor Union    LLC

**Please check each line to affirm that each of the following is true and accurate:**

- I am a United States Citizen or permanent resident alien (green card holder).
- I am at least 18 years of age.
- I have not been and will not be reimbursed for making this contribution by another person or entity.

**Please complete the following information:**

Preferred Mailing Address:    Home    Work

Name \_\_\_\_\_

Company Name \_\_\_\_\_

Address \_\_\_\_\_

City \_\_\_\_\_ State \_\_\_\_\_ Zip Code \_\_\_\_\_

Occupation \_\_\_\_\_ Employer \_\_\_\_\_ (If student, list school)

Daytime Phone \_\_\_\_\_ Evening Phone \_\_\_\_\_

Email Address \_\_\_\_\_

Signature \_\_\_\_\_

**Scan the QR Code below to make a one-time credit card contribution, or visit [NYCPAC.net](http://NYCPAC.net) and click "Make a Contribution"**

**Please note:** Voluntary contributions by individuals are subject to a contribution limit of \$150,000 during a calendar year to all sources and \$84,400 to a political action committee. The annual donation limit for a corporation is \$5,000 in a calendar year to all sources. Each affiliated or subsidiary corporation, if a separate legal entity, has its own contribution limit. For more information on contribution limits in New York, please visit the New York State Board of Elections website at <http://www.elections.ny.gov>.

Contributions to the NYCPAC are not tax deductible for state or federal tax purposes. The Federal Election Commission (FEC) prohibits contributions from individuals who are not citizens or permanent residents of the US. Contributions by one person in the name of another person are prohibited. PAC contributions are also not reimbursable by an employer or any other entity.

# New Practitioner Mentor Program

## Program Goals

The goal of the program is to foster a successful mentoring relationship between new DCs and seasoned Doctor of Chiropractic, giving our members the opportunity to:

- Gain exposure to the business community
- Learn about and discuss specific practice paths
- Develop and cultivate a business network
- Understand the relevance of their continuing education
- See what tasks and issues doctors really face in New York
- Discuss attributes and experiences doctors are truly looking for in potential associates

## Program Overview

New practitioners in New York have identified critical stages of business and practice where a resource is most needed; therefore, NYSCA's Mentor Program members are provided the following:

- Member support specialist to help in business and practice
- Helpful documents for your practice in New York
- Mentor matching based on specific needs
- FAQ

## New Practitioner Expectations

A successful mentoring relationship truly depends on you, the DC. We ask our mentors to connect or interact with you at least two times per month; however, you are the catalyst to build and develop the relationship. We expect you to engage your mentor in your business and practice goals, so they may effectively guide you as needed. New DCs may enroll in the program. Once matched with a mentor, students receive more detailed information.

## Mentor Qualifications

To qualify to be a NYSCA mentor, the following must apply:

- 1) Current NY state Chiropractic License (to be submitted annually with mentor program application)
- 2) Current malpractice insurance (to be submitted annually with mentor program application)
- 3) At least 3 years post-graduation from an accredited chiropractic school

**Note:** A paid associate will not qualify as a mentee in this program as a paid mentorship is already occurring.

## Mentor Expectations

- 1) Fill out a brief mentor application and send to the Mentor Program Coordinator, Dr. Gerald Stevens (secretary@nysca.com)
- 2) Approved members will be listed on the NYSCA website as available mentors in each district with contact information. Mentors should complete the application annually to continue to participate in the program.
- 3) Mentors will be paired with mentees in their own NYSCA district of residence or practice and are asked to meet with assigned mentees at least twice per month for three months. Meetings may be in person and/or by phone and must be documented with an encounter form signed by both parties.
- 4) No funds will be provided by NYSCA (Albany) for mentor/mentee meetings. Individual districts may choose to fund mentor/mentee meetings as per district policy/vote.
- 5) Mentor will be asked to complete a short post program evaluation to ask for improvements and quality of experience.
- 6) If you no longer wish to participate in the mentor program, contact the Mentor Program Coordinator.

## Mentor Benefits

A qualified mentor will receive \$100 credit towards their NYSCA membership fees upon completion of a three month mentorship and associated evaluation

[View all current classified ads](#)

The New York Chiropractic Political Action Committee (NYCPAC) is the political action committee of the New York State Chiropractic Association (NYSCA) and is intended to help support candidates who are pro-chiropractic. It is important to note that if you choose not to give to NYCPAC, this will in no way affect your membership in NYSCA.

### Please Do Not Forget . . .

Organized medicine, managed care organizations and other anti-chiropractic forces continue to spend hundreds of thousands of dollars each year to elect candidates that do not value the chiropractic profession.

As you may know, next year is an election year in New York for all members of the New York State legislature and all four statewide offices including Governor, Lieutenant Governor, Attorney General and Comptroller, and it is more important than ever that we support legislators and candidates who support chiropractic. **NYCPAC provides us with a great opportunity to support pro-chiropractic candidates.**

There are always legislative issues confronting the profession whether it be passing scope modernization or recognizing conservative care providers as an alternative to an opioid prescription or an issue with Workers' Compensation. NYCPAC helps us to support legislators that are supportive of the chiropractic profession in New York.

We ask that you support the NYCPAC by visiting [this link](#) and making your donation today.

It is important that we do all we can to help support the profession and the thousands of chiropractic patients we serve.

**Please make a donation today**

# An Updated Website Experience

To better serve our members, the NYSCA is excited to announce that we have upgraded NYSCA.com to a new web platform in mid-June 2019.

Included in this website renovation are enhanced security features that better protect the personal data of our members. There will also be many new features that improve communication and enhance your experience as a NYSCA member, including:

- A faster and more responsive site
- An improved mobile experience
- Simpler navigation
- Better search functionality
- Increased communication from the central office and between members

## Website Access – Username and password

When the change goes live, you can expect to receive an email notification, informing you of your username and prompting you to log in and update your password. If you do not have an email address on file with the NYSCA, or you prefer to receive your invoice at a different address, please contact the administrative office at 518-785-6346.

## Membership Invoices Update

With this change, the NYSCA will no longer be postal mailing dues invoices. Please expect that 28 days prior to your membership renewal date you will receive an EMAIL with your dues invoice attached. The email will also contain a link which you can follow to renew your membership online, or you may choose to print the invoice and return it with a check payment.

**Auto-pay: If you have previously set up your membership for auto-renewal, please remember to sign in and confirm your preferences to continue with this payment option.**

## Please update your profile in NYSCA's Find-A-Doctor Database

Once this update goes live, we request that you take a moment to log into the members' only section of the NYSCA website ([www.nysca.com](http://www.nysca.com)) & update your profile. On your profile dashboard, you can update your user name, password, personal and practice details – anything that you would like to use to distinguish your practice.

## Be sure to list your specialties!

We have had many requests from patients looking for a chiropractor who uses a specific technique or therapy, or who treats a specific condition. Please be sure to update your profile to include this. If your specialty is not listed, please give us a call at the administrative office for assistance.

## What information is shared publicly and with patients?

Basic information regarding your practice (doctor name, business address, website address, and phone number) can be viewed on NYSCA's Membership Directory (available online to members only) or in the Find-a-Doctor online searchable database.

## I don't want my email address to be available to the public.

No problem. The NYSCA is committed to safeguarding the privacy and confidentiality of information collected from members and other users. It is the NYSCA's intention to do all it reasonably can to make sure your information is kept strictly private and confidential. Therefore your email address will never be publicly available on our website.

## Need Assistance?

If you don't have your NYSCA login ID or password, feel free to contact us at 518-785-6346 Monday through Friday between 9:00 am and 5:00 pm EST or by email at [manager@nysca.com](mailto:manager@nysca.com).

We hope you enjoy the new site and look forward to any comments or suggestions you might have for us!
